# Rational D(1579)-quintuple

Problèmes ouverts — A. Dujella · 2026

**Problem 5.7 (Dujella, 2026).** Is there any rational $D(q)$-quintuple for $q = 1579$ ?

*Remark.* This value $q = 1579$ is the smallest positive integer $q$ for which no rational $D(q)$-quintuple is known.
