A sextuple containing a strong triple

Problèmes ouverts — A. Dujella · 2026

Problem 3.11 (Dujella, 2026). Is there any rational Diophantine sextuple which contains a strong Diophantine triple ?

Remark. By the recent paper Dujella, A., Kazalicki, M., Petričević, V. : Rational Diophantine sextuples with strong pair. Rev. R. Acad. Cienc. Exactas Fis. Nat. Ser. A Math. RACSAM **119**, Article 36 (2025), there are infinitely many rational Diophantine sextuples which contain, e.g., a strong Diophantine pair $\{30464/2223, 22815/5168\}$.
