The Invariance Principle — problem 1.50

A. Engel — Problem-Solving Strategies · 1998

There are several letters e, a and b on a blackboard. We may replace two e's by one e, two a's by one b, two b's by one a, an a and a b by one e, an a and an e by one a, a b, and an e by one b. Prove that the last letter does not depend on the order of erasure.
